## 1. Qualitative information regarding results for the period

### (1) Explanation of operating results

Our company's mission is "Update the world for a better tomorrow". We have been expanding our business domain by finding potential markets where artificial intelligence (AI) has not yet been utilized and creating services since our founding in 2018.

As the tide of digital transformation accelerates and various fields become more digitalized, we are responding to the new forms of society and changes in the way people work by expanding services such as "human flow and crime prevention", "parking space and mobility", "3D city maps", "signage advertising", "work-from-home solution" and "fashion trend analysis", and have provided a variety of services that make us a smart city to client companies, local governments, and official public office.

We will invest more intensively than ever in our ability to build businesses that will continuously generate new businesses while responding to rapid changes in social conditions, and in strengthening our AI engineering capabilities to immediately implement them.

As a result of the above, net sales for the current fiscal year were 762,789 thousand yen, operating profit was 170,818 thousand yen, ordinary profit was 148,307 thousand yen, and net profit was 147,358 thousand yen.

As the Company's business segment is the single segment of AI engineering business, the description by segment is omitted.

For more detailed financial results, please refer to the "Financial Results Briefing Material FY2020 (ended Dec 31, 2020)" released on February 12, 2021 from our IR website.

### (2) Explanation of financial position

#### Assets

Current assets at the end of the current fiscal year were 1,673,388 thousand yen, an increase of 753,530 thousand yen compared to the end of the previous fiscal year. This was mainly due to an increase of 599,033 thousand yen in cash and deposits as a result of an increase in short-term borrowing and capital increase through public offering, and an increase of 108,160 thousand yen in notes and accounts receivable-trade due to an increase in net sales. As a result, total assets amounted to 1,920,995 thousand yen, an increase of 864,066 thousand yen from the end of the previous fiscal year.

#### Liabilities

Current liabilities at the end of the current fiscal year totaled 603,136 thousand yen, an increase of 286,888 thousand yen over the end of the previous fiscal year. This was mainly due to an increase of 190,000 thousand yen in short-term borrowing. As a result, total liabilities amounted to 714,536 thousand yen, an increase of 283,468 thousand yen from the end of the previous fiscal year.

#### Net assets section

Total net assets at the end of the current fiscal year were 1,206,458 thousand yen, an increase of 580,597 thousand yen from the end of the previous fiscal year. This was mainly due to an increase in retained earnings and capital increase through public offering.

### (3) Explanation of cash flows for the current fiscal year

The balance of cash and cash equivalents (hereinafter referred to as "cash") for the current fiscal year increased by 599,033 thousand yen from the end of the previous fiscal year to 1,424,812 thousand yen.

#### Net cash provided by (used in) operating activities

Net cash provided by operating activities in the current fiscal year amounted to 138,418 thousand yen. The main factors were profit before income taxes of 148,307 thousand yen and an increase in trade-receivable of 108,160 thousand yen.

#### Net cash provided by (used in) investing activities

As a result of investment activities in the current fiscal year, funds used totaled 142,441 thousand yen. The main outflows

were 43,165 thousand yen for the purchase of property, plant and equipment and 98,358 thousand yen for the purchase of intangible assets.

Net cash provided by (used in) financing activities

Net cash provided by financing activities in the current fiscal year amounted to 603,056 thousand yen. This was due to proceeds from issuance of shares of 428,335 thousand yen and a net increase in short-term borrowing of 190,000 thousand yen.

#### (4) Outlook for the future

For the fiscal year ending December 31, 2021, although there is a high level of uncertainty about future business conditions due to the expansion of the COVID-19 infection, we assume that the impact to our business can be handled by balancing the different characteristics of the six services. We expect demand for services that support the new social environment, such as the acceleration of digital transformation, and we will continue to flexibly respond to such market changes and promote our business activities.

Based on this outlook for the business environment, we are forecasting net sales of 1,256,000 thousand yen, operating profit of 380,000 thousand yen, ordinary profit of 370,000 thousand yen, and net profit of 280,000 thousand yen for the fiscal year ending December 2021.

## 2. Basic approach to the selection of accounting standards

In order to ensure comparability of financial statements from period to period and from company to company, the Company has adopted Japanese GAAP for accounting standards.

Net profit (loss) per share	(10.59)Yen	10.85Yen
Diluted net profit per share	-	10.12Yen

(Notes)

1. The Company conducted a 1000-for-1 stock split of common stocks as of April 15, 2020, by the resolution of the Board of Directors meeting on March 27, 2020. The "net asset per share" and "net profit (loss) per share" are calculated assuming that the said stock split was conducted at the beginning of the previous fiscal year.
2. Net assets per share is calculated by deducting the amount of residual assets to be distributed to preferred stock shareholders and the Company posted a net loss per share.
3. Diluted net profit per share for the previous fiscal year is not shown because the Company's shares are unlisted and the average share price during the period cannot be determined, and the Company posted a net loss per share, although dilutive shares exist.
4. Since the Company has been newly listed on the Mothers market of the Tokyo Stock Exchange since August 20, 2020, the diluted net profit per share for the current fiscal year is calculated by deeming the average share price from the date of initial listing to the end of the current fiscal year as the average share price during the period.
5. The basis for calculating net profit (loss) per share is as follows,

	Fiscal year ended December 31, 2019	Fiscal year ended December 31, 2020
